

Photograph Release Form

Throughout the year, parents and teachers like to photograph events and activities that take place with our class. We may wish to share photos with registered families on a secured school website and also in printed or electronic publications, such as a yearbook at the end of the year. The share site for posting photos will be by invitation only, and will require a password to access.

From time to time, we may also want to use photographs on our public informational website or in our application materials. Photographic images will be shots of one or more children participating in school activities and may contain images of your child. In order to do so, we must have written permission from you for your child before we can publish such items. Please fill out this form below to indicate your preference.

_____ I hereby grant permission to the school to use photographs of my child on its website or in official school printed publications without further consideration. I also understand that once photos are posted on the website, images can be downloaded by any computer user accessing the website. Therefore, I agree to indemnify and hold harmless the school and any photographer whose services are used by the school whether paid or unpaid from any and all claims.

_____ I do not wish my child's picture to be published on a public website, or used in any materials distributed to the general public.
